<b>General Notes</b>		
<ul style="list-style-type: none"> <li>• Thank you to everyone who intended the run tonight!</li> <li>• Tomorrow is the first tech rehearsal we are hoping to start the show as close to 7pm as possible (7 is when actors are called). I am calling the 151 crew at 6:15 and then quickly going over expectations with them and then having them in their designated areas by 6:30pm.</li> <li>• I have discussed with Foster, Bob, Heather, Joe, and Jennifer about using as few 151 students as possible to keep everything in our “bubble” that we have made within the cast and production team. This means that a couple 151 might have to double up on some duties (like props and deck).</li> </ul>		
<b>Costumes/Hair &amp; Makeup</b>

<b>Scenery</b>		
<ul style="list-style-type: none"> <li>• The wheel in the wheelbarrow popped out of place while the actor was moving it offstage. We got it back in place but it will need to be looked at and might need some type of reinforcement.</li> <li>• One of the pieces of trim on the outside of the stairs came off while we were moving the stairs before rehearsal. It is on the SR scene shop table.</li> <li>• The drawer in the left side of Archie’s big trunk came out. It is currently on top of the trunk.</li> </ul>		
<b>Props</b>
