Costumes/Hair and Makeup
<ul style="list-style-type: none"> Shoe fittings are starting today. Mary’s shoes that she travels from India to the bedroom in, need to be able to be slip on or have a snap on. Abbie will hunt for something for Mary to be able to slip on her shoes.
Scenery
<ul style="list-style-type: none"> On page 36-38, Bob would like a second bench to lean next to where the SR stairs will be. Mary and Colin’s bed’s headboard will be 4ft. Mary and Colin’s bed will be the same bed with different dressing. The India bed will be shortened a little bit.
Props
<ul style="list-style-type: none"> Cole showed Bob the doctor’s bag. The doctor’s bag is approved. Bob loves the jump rope, we just need to size it for Brooke and Nathan. Bob likes the red fabric for the handkerchief (it is very similar to the red ones that we have in rehearsal now). Approved. Bob likes the green fabric for the maze that is Cole and Michelle’s favorite. Props is going to add 7 new red handkerchiefs to the ones that we have in rehearsal now instead of making 14 new ones. These 7 new ones would be in addition to the ones we have for rehearsal. For Fakir and Ayah’s scarves, Bob likes the idea of staying in the same color family as the maze scarves.

- Azaria does not think that the comb will work based off the movement she is thinking of now.

Lighting

- Lighting started hanging today. Foster wants to get done as much overhang as he can next week.
- We are looking into rope light inside of the fabric in front of the portals.
- Lighting is waiting on how much feet we need then costing in out.
- Rope light is coming out of electric's budget.

Sound/Orchestra
